

25th ANNUAL Far West Classic

PRESENTED BY

On The Prestigious
Witch Hollow Golf Course
At
Pumpkin Ridge Golf Club
Monday June 22, 2020
8 AM Shotgun

BENEFITING

Please join us for the 25th Annual Far West Classic on Monday June 22, 2020 on the Witch Hollow course at Pumpkin Ridge. A celebrated venue which has hosted 2 US Women's Opens and an US Amateur Championship event. Proceeds benefit United Way of the Columbia-Willamette and Raphael House of Portland.

We are proud that this tournament is in its 25th year. Proud, because it is with the help of friends, old and new, that we have been able to generate over 2 million dollars to create change in the lives of so many in our community and to help break the cycle of childhood poverty. Join us again this year, as we are just as committed to making a difference today as we were 25 years ago! We look forward to seeing you in June!

United Way of the
Columbia-Willamette

United Way of the Columbia-Willamette has been bringing our community together to do good for nearly 100 years. We connect the people, nonprofits, businesses and government agencies addressing poverty in our region.

We're working hard to create a future where kids in our region are free from instability and worry so they can be free to play and discover, free to learn and grow.

Free from poverty. Free to reach their potential.

Together, we will continue to make schools, families and communities stronger for the kids of our region:

- **More kindergarteners will show up prepared for school.**

We distributed over 14,000 early literacy kits in six different languages to families across Multnomah County. By increasing teacher visits and expanding outreach to communities of color, we helped over 7,700 children register for Kindergarten on time.

- **Kids who need help the most will stay in school and graduate on-time.**

We're working with two school districts serving more than 800 kids to identify the types of support that make the biggest impact, then building a blueprint for future success.

- **Families' basic needs will be met so their kids can focus in school.**

Through short-term rent and utilities assistance, we helped over 2,000 households and 6,000 individuals stay in their homes last year.

- **We'll keep connecting 1000s of volunteers to projects that matter in our region.**

Through our Hands On Greater Portland program, volunteers are out in the community contributing \$1.5 million in service value to the Portland metro region.

These strategies work when our community is UNITED behind them.

When we invest in our region's kids, we free the future.

Founded in 1977, Raphael House of Portland is a multi-faceted domestic violence agency dedicated to fighting the causes and effects of intimate partner violence in a variety of ways. We offer emergency shelter in a confidential location, a 24-hour in-house crisis line, transitional housing and advocacy programs, non-residential advocacy in partnership with the Portland Police Bureau, and also work to bring an end to violence through community outreach and education.

We believe that everyone deserves to live a life free from violence. The mission of Raphael House is to engage our entire community in non-violent living through advocacy, education, and community outreach, and by providing a safe haven from domestic violence.

Raphael House of Portland believes that domestic violence is a pattern of coercive tactics that can include physical, psychological, sexual, economic, and emotional abuse, perpetrated by one person against an intimate partner, with the goal of establishing and maintaining power and control.

As we work to change these patterns of control and oppression, we embrace the following values:

- Survivor-centered advocacy and decision making
- Recognizing and adapting to an ever-changing spectrum of strengths and needs in ourselves and our program participants
- Constantly striving to ensure safety and confidentiality for the survivors we serve and for our staff, volunteers, and supporters
- Collaborating with survivors and our community to address a wide range of oppressive behaviors through social change
